

TRIBUTE TO ROBERT A. MUNYAN

HON. FRANK PALLONE, JR.

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 15, 1999

Mr. PALLONE. Mr. Speaker, on July 20, 1999, a long and illustrious career will come to an end with the retirement of Mr. Robert A. Munyan, the Business Manager of the International Brotherhood of Electrical Workers (IBEW) Local Union 1289 in Wall, NJ.

Mr. Speaker, Mr. Munyan was hired by Jersey Central Power and Light Co. in 1956, and he retired in 1996 after four decades of loyal service. He became President and Business Manager for Local Union 1289 in 1980. Prior to becoming President and Business Manager, he has held the following positions in the Local: Shop Steward, Executive Board Member and Chairman, and Vice President. He has been involved in contract negotiations for the members of the Local and System Council U-3 since 1979.

Mr. Munyan has had a significant role in many of the key public policy issues facing our state. He represented the New Jersey State AFL-CIO in shaping the New Jersey Master Energy Plan. He has been actively involved in protecting workers' rights as the electricity de-regulation issue is debated in the State Legislature. Throughout his career, Robert Munyan has been a strong proponent of the importance of political education. He has done a tremendous job of instilling in working men and women an appreciation of the need for organization and political awareness. He has also reached out to educate the political leadership about the needs and aspirations of working people.

Mr. Speaker, after his August 21st retirement dinner, I know that Mr. Munyan—who has been married for 40 years, with two children and two grandchildren—is looking forward to the opportunity that retirement will provide for him to spend more time with his family. But I hope he will continue to play an important role in public affairs. We will still benefit from his leadership, energy and dedication to the fight on behalf of the working men and women of our state and our nation.

IN CELEBRATION OF THE 30TH ANNIVERSARY OF THE APOLLO 11 MOON LANDING AND ANNIVERSARY CELEBRATION ABOARD THE U.S.S. HORNET MUSEUM IN ALAMEDA, CA

HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 15, 1999

Mr. LEE. Mr. Speaker, I rise in celebration of the 30th anniversary of the historic Apollo 11 moon landing by astronauts Neil Armstrong, Edwin "Buzz" Aldrin and Michael Collins. This milestone will be commemorated aboard the U.S.S. Hornet Museum with a nine-day festival, called "Moonfest 1999."

Moonfest 1999 is an event blending history, education and family entertainment together in celebration of one of the greatest achievements of the 20th Century. The festival will include an airshow, lectures, exhibits, moon and

star gazing parties, a film series, receptions and youth activities beginning on Friday, July 16th and concluding on Saturday, July 24th, 1999.

The dates of the festival have special meaning because July 16, 1969, is the date the Apollo 11 crew departed from earth, landing on the moon on July 20th, and recovered safely by the aircraft carrier U.S.S. Hornet in the Pacific Ocean on July 24th.

Planning for the first human landing on the moon began in April 1957 and in July 1960, NASA named the program "Project Apollo" with five goals: (1) to land American explorers on the Moon and return them safely to Earth; (2) to establish the technology required to meet other national interests in space; (3) to achieve for the United States preeminence in space; (4) to carry out a program of scientific exploration of the Moon; and (5) to develop human kind's capability to work in the lunar environment. With Apollo 11's mission, these goals were met.

On the morning of July 24, 1969, the Aircraft Carrier U.S.S. Hornet, as the Primary Recovery Carrier, successfully recovered the Apollo 11 astronauts. On board the Hornet to welcome the astronauts back was the President of the United States, NASA personnel, distinguished guests and the Hornet's crew.

This historic landing, and the many that followed, was achieved in large part by the dedication and creativity of several California aerospace corporations and their subcontractors, as well as citizens, universities and government agencies of the State of California.

I proudly join citizens throughout the world in celebrating the 30th anniversary of the monumental achievement of the first lunar landing. I also want to thank the U.S.S. Hornet, her crew and all of the people involved with the Apollo Program for successfully bringing the Apollo 11 crew home safely. I am excited and honored to join in this celebration and encourage all to participate in the Moonfest 1999 activities.

A POINT OF LIGHT FOR ALL AMERICANS: REVEREND BOOKER T. MCCOLLUM

HON. MAJOR R. OWENS

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 15, 1999

Mr. OWENS. Mr. Speaker, I rise to honor Reverend Booker T. McCollum, an individual who has tirelessly dedicated his life to making society better. This individual has made a lifetime commitment to the church and to the community. His vision, generosity, and devotion have empowered Reverend McCollum to not only spread the word of God but to uplift all those he has encountered. Reverend Booker T. McCollum is a great "Point-of-Light" whose work has not gone unappreciated or unnoticed.

Although his roots are in Mississippi, Reverend McCollum began his ministry in Brooklyn, NY. After relocating to New York, he joined the Friendship Baptist Church in Brooklyn and faithfully served as assistant church clerk, chairman of the trustees and deacon boards, and later as assistant to the pastor. In 1964, Reverend McCollum accepted the call to preach. By 1966, the reverend became an

ordained and licensed Baptist minister. He continued to work diligently at the Friendship Baptist Church until he was moved by God to pursue his vision of starting a new church mission.

The vision would materialize as the St. Anthony Baptist Church located at 425 Utica Avenue, Brooklyn, NY. Reverend McCollum adopted the philosophy: "St. Anthony Baptist Church is the church where everybody is somebody and God is over all and where there are no big I's and little U's." This philosophy has helped what was once a gathering of a few faithful members at the home of Mr. & Mrs. James Parker become a pillar in the Brooklyn community.

Reverend McCollum was educated at Cornell Labor College of Law and the Baptist Education Center. His professional career includes employment with The United Furniture Workers Labor Union, Local 140 where he held the position of secretary/treasurer. He served in a religious capacity as president of the Evangelical Minister's Union, and he is the recipient of countless awards and citations. In addition to serving God and his community, Reverend McCollum served his country with distinction in the U.S. Navy.

Reverend Booker T. McCollum married "Grace Barnes" in 1943. There were happily married for more than 50 years and had three children: David, Gloria and Russell. His distinguished life marks one of dedication to community, to God, and to family. Reverend McCollum is a great "Point of Light," not only for people of his New York community, but for all of the people of America.

IN RECOGNITION OF HOUSTON ASTROS MANAGER LARRY DIERKER

HON. KEN BENTSEN

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 15, 1999

Mr. BENTSEN. Mr. Speaker, I want to offer my best wishes to Houston Astros manager Larry Dierker who will return to the dugout tonight, just four weeks after undergoing surgery that removed the cause of a grand mal seizure he suffered on June 13, 1999.

Although he must still take medication for the foreseeable future, Larry's doctors have told him he has little chance of recurrence of the seizure that struck without warning as he sat in the Astros' dugout. Like all Houstonians, I was shocked and alarmed by the severity of the seizure which played out on television and before nearly 30,000 fans at the Astrodome in Houston. In the moments following his seizure, I was struck by the presence and courage of the Astros players, personnel and paramedics who rushed to Larry's aid. In particular, I was impressed by the response of outfielder Derek Bell, who took direct, physical action to keep Larry from further injury.

As every Astros fan knows, Larry Dierker is in his third season as manager of the Astros. In 1998, he was named the National League Manager of the Year after leading the Astros to a record 102 wins. Before taking over as manager in October 1996, Dierker spent 17 seasons as an Astros radio and television broadcaster. He led the Astros to the National League Central title in his first season, then to
